I can save you additional money by insuring your property, would you like a proposal? Yes <input type="checkbox"/> No <input type="checkbox"/>					
In order to provide you an accurate quote with the best rate available, I need to order a few consumer reports, verify your driving record, prior losses, and insurance score. We will also need to collect DL#s and SS#s for all licensed operators in order to be listed on the policy. We will prepare your proposal and get back with you.
